

A.S. EL-Beltagy

ADVANCES IN DESERT AND ARID LAND TECHNOLOGY AND DEVELOPMENT VOLUME 1

Papers presented at the International Conference on the Applications of Science and Technology for Desert Development. The American University in Cairo, Egypt, September 9-15, 1978.

Editors:

ADLI BISHAY
The American University in Cairo

WILLIAM G. MCGINNIES
The University of Arizona

1979

TABLE OF CONTENTS

	<u>Page No.</u>
<u>Introduction to the Series</u>	<i>ix</i>
<i>Adli Bishay</i>	
<u>Preface</u>	<i>xi</i>
<i>Adli Bishay</i>	
<u>Plenary</u>	
Desert Development Demonstration & Training at The American University in Cairo, <i>Adli Bishay</i>	1
What Could be Done to Combat Desertification? <i>Mustafa K. Tolba</i>	5
Technological Limitations to Arid Zone Development, <i>Harold E. Dregne</i>	23
Education and Training for Desert Development, <i>Mohamed El Kassas</i>	31
<u>Egyptian Deserts</u>	
Possibilities of Land Reclamation in Desert Areas: Review of Present and Future Status, <i>Osman Badran, S. A. Kandeel, M. H. Lakany,</i> <i>M. T. Omran, A. B. El Sayed, M. L. El Osta</i>	41
The Development of Sinai, <i>Rushdi Said</i>	55
Development of Natural Agricultural Resources in The Sinai Peninsula, <i>Abdu A. Shata</i>	59
The Western Desert of Egypt, Its Problems and Its Potentials, <i>Farouk El-Baz</i>	67
Salinity Hazard and Waterlogging in the Area West of Nubaria Canal, <i>M. Naguib Hassan,</i> <i>S. Marei, M. Motagalli, H. El Abd, Zaky</i> <i>Arnaout</i>	85
An Overview of the SAMDENE Project, <i>Mohamed A. Ayyad</i>	97

Desert Development and Combating Desertification

Arid Lands Development Strategies: Research Needs, <i>J. Eleonora Sabadell</i>	105
Desertification and Productivity, <i>Donald H. Baeppler</i>	113
Ecosystem Deterioration in the Indian Desert, Retrospect and Prospects, <i>H. S. Mann</i>	121
Combating Desertification in Jordan, <i>Kamal I. Tadros</i>	135
Selecting the Optimal Technology Level for Developing Desert Resources, <i>Martin M. Fogel</i> . . .	139
Land Use in Arid Australia, <i>Deni Graetz</i> and <i>Ray Perry</i>	151

Water Resources and Irrigation

Applications of Geoscientific Knowledge to the Evaluation of Land and Water in Some Desert Areas of Egypt, <i>Abdu A. Shata</i>	183
Water Resources and Land Reclamation in Egypt, <i>M. Mousa Seddik and S. Shafei</i>	201
Development of Water Resources and Its Influ- ence on the Ecology of Saudi Arabia, <i>H. H. Hajrah</i>	211
Irrigation Technology for Desert Land Reclama- tion, <i>E. V. Richardson and V. A. Koelzer</i>	219
Sahara Farming Irrigation Problems and Remedy Recommendations, <i>Hassan F. Mirreh</i>	231
The Development of Effective Irrigation Sys- tems for Long-Term Agricultural Productivity, <i>Gaylord V. Skogerboe</i>	249
Wastewater as a Source of Nutrients and Water in Hydroponic Crop Production in Arid Regions, <i>A. Wallace, S. M. Soufi, and A. M. El Gazzar</i> . .	263

Energy and Mineral Resources

Energy Flow for Agricultural Ecosystems in Desert Environments, <i>Gerald W. Thomas</i>	271
Productive Use of Solar and Wind Energy in Desert Areas, <i>Lloyd Smith</i>	291

The Potential of Hybrid Solar Irrigation Systems for Desert Applications, <i>Edward Lumsdaine</i>	301
Potential Application of Renewable Energy Technologies for Desert Development (with special emphasis on Egyptian Desert), <i>A. El Sawy, Jack J. Fritz, and Martin Scholl</i>	331
Energy Forecast for the Western Desert of Egypt until the Year 2025, <i>A. I. Ibrahim Abdel Fattah and Mustafa M. Kamel</i>	353
Mineral Resources and Desert Development: A Rational Approach, <i>Rushdi Said</i>	363
Tectonic Controls upon the Present-day Egyptian Deserts, <i>David R. Lawrence, William Kanesh, and E. M. El Shazly</i>	371
Monitoring the Desert Environment from Space, <i>Farouk El Baz</i>	383
The Use of Remote Sensing for Monitoring Desertification Processes and Natural Resources in Desert and Arid Lands, <i>M. Abdel Hady, E. M. El Shazly, and V. Myers</i>	399

Desert Plants and Environment

Guayule (<i>Parthenium argentatum</i>), a Potential Source of Natural Rubber for Egypt, <i>W. G. McGinnies</i>	411
Economic Potential of <i>Thymelaea Hirsuta</i> (Endl.), a Perennial Shrub in Egyptian Desert Lands, <i>A. A. El-Ghonemy, A. A. Wallace, and H. K. El Din</i>	425
Jojoba, A Promising Crop for the Semi-Arid Regions, <i>Dimitri M. Yermanos</i>	449
The Potential of Controlled Environment Agriculture for Desert Development, <i>Miguel Fontes</i>	457
Ordination Analyses in Surveys of Desert Vegetation, <i>William H. Brooks and Robert L. Burgess</i>	469
